

FLEETPAC™ BULK TANK SYSTEM

The Fleetline *FLEETPAC* Bulk Tank Program is designed for customers of Dennis K. Burke, Inc. who wish to enjoy the benefits of purchasing lubricants in bulk quantities.

In addition to reduced pricing, *FLEETPAC* removes the empty drum problem and creates a clean and safe work environment.

The major difference between our plan and our competitors, is the fact that our plan offers "added value" because you are purchasing the equipment.

Others just add on an equipment cost and you receive nothing in return. We offer a complete, modern set-up, inclusive of tank, pump, reel, hose, nozzle and fittings.

FLEETPAC BULK TANK AGREEMENT

Dennis K. Burke, Inc. agrees to deliver a *FLEETPAC* system to the customer, subject to location and credit approval. Customer agrees to pay \$_____ per month rental of the *FLEETPAC* system. This is a separate charge and is due and payable each month for 48 months. The first and last month's rental is payable in advance. Customer agrees to accept responsibility for the *FLEETPAC* system. Dennis K. Burke, Inc. will provide normal maintenance at no cost, except in a case of customer negligence or abuse. Customer must sign a UCC Form, which will be filed until the *FLEETPAC* system is paid in full.

Dennis K. Burke, Inc. will give the customer a credit of _____ cents per gallon for each gallon purchased the previous month. This will be in the form of a credit memo. The credit memo can be applied to any open invoice.

Example: During the month of January, the customer purchased 240 gallons. In February, a credit memo will be issued in the amount of \$_____.

Additional equipment, not standard, may be ordered (i.e., metered nozzle, additional hose, larger pump). Customer will be furnished a differential cost and must pay this amount in advance.

This agreement may be cancelled by either party with 30 days written notice. The customer will receive full credit for all monies paid, if he pays the balance rental due, plus \$100 cancellation charge. Payment must be received within 30 days of cancellation or previous rental paid will not be credited towards purchase. If the balance due is not paid, the tank will be picked up by Dennis K. Burke, Inc.

NOTE: Until the customer pays the total of \$_____ (___ months x \$_____), the *FLEETPAC* system remains the property of Dennis K. Burke, Inc.
